## Audio Visual (AV) Technician

Vancouver, BC

**Status:** Season Full-time/Permanent Part-time

**Remuneration:** Competitive Hourly Wage (based on experience), Overtime +Vacation Pay

### Job Summary:

We are currently seeking talented individuals to join our Lower Mainland operation as an Audio Visual Technician. As an AV Technician you will perform tasks necessary to ensure successful preparation and completion of all shows for all of our stakeholders. You will be responsible for ensuring that work is completed properly and efficiently in order to deliver great service.

### Key Responsibilities:

- Set-up, operation and dismantle of events
- Working with both internal and external clients to ensure an optimal customer experience
- Working with a team of individuals to effectively meet project requirements
- Work with Sales team to provide solutions for audio/video configurations
- Provide general warehouse support
- Ensure proper storage, transportation and maintenance of equipment
- Complete required paperwork and data entry

### Qualifications:

- 2+ years of experience with live and corporate event sound, festival and corporate lighting events (setup and programming)
- Excellent customer service
- AV education is considered an asset
- Willingness to work flexible hours
- Ability to multi task, manage time effectively and work under pressure
- Professional attitude and work ethic
- Valid BC Drivers Licence (Class 5)
- Experience driving large trucks is an asset

### To Apply

Please forward your cover letter and resume to [jross@sw-online.com](mailto:jross@sw-online.com). We thank all applicants for their interest; however, only shortlisted candidates will be contacted.
