

Event\Technology

Quality Control Technician

Kelowna, BC

Application Deadline: 20 June 2019

Status: Permanent Part Time

Hourly wage: Competitive hourly wage (depending on experience) + Vacation Pay+ Extended Health Benefits

About Us

SW Event Technology specializes in full-service AV and presentation technology. We cater to events ranging from live concerts, corporate events and gala's, to small scale meetings and equipment rentals. We are currently seeking a talented individual to join our BC Interior operation as a Quality Control Technician.

This position will be ideal for someone who has interest in repairs (specifically electronic repair) and maintenance.

Key Responsibilities:

- Intercept incoming equipment for cleaning & maintenance
- Spot check outgoing preps to ensure gear is up to par
- Clean cases and remove old labeling from cases
- Ensure equipment is cased and labelled/stenciled properly
- Check for barcodes and engravings, replacing as necessary
- Inventory and order of consumables
- Clean equipment
- Painting and refinishing (i.e., speakers, stage decks, etc.)
- Assisting the Repair Technician with physical, electronic and mechanical repairs
- Refresh equipment supplies
- Assist with incoming new equipment processing
- Assist with equipment packaging
- Clear testing from quarantine area

Qualifications:

- High School Education or equivalent
- Basic understanding of AV equipment and electronics
- Knowledge on how to use tools
- Ability to multi task and manage time effectively
- Experience working in warehouse/shop environment is considered an asset
- Physically fit and able to lift up to 50 lbs
- Valid Class 5 BC Driver's License
- Professional, positive attitude and work ethic

To Apply: Please forward your cover letter, resume and location preference to careers@sw-online.com. We thank all applicants for their interest; however, only shortlisted candidates will be contacted.
